Where are Long Term Care Services Provided?

The majority of long term care services are provided in the individual's home, an adult day care center, or an assisted living facility.

What are the Chances of Needing Long Term Care?

Research indicates that **one in two** Americans will need long term care services.¹

How Much Does Long Term Care Cost?

Long term care services are very expensive, and the need for care may last for several years or longer. Home health care varies widely in cost depending on the type and frequency of care received. Assisted living care averages \$36,096 per year and exceeds \$54,000 per year in some facilities. Nursing home care averages over \$68,000 for a semi-private room, over \$76,000 for a private room, and easily exceeds \$100,000 per year in some parts of the country.² Costs are continually increasing due to inflation.

People of All Ages Need Long Term Care Services.

Long term care is not just for those who are older. Younger people need these services due to illnesses, physical disabilities, and injuries from automobile and sporting accidents.

In fact, more than 40% of those receiving long term care services are under age 65.²

Who Pays for Long Term Care?

Most long term care expenses are paid with personal or family assets. Neither traditional medical insurance nor Medicare pays for most long term care services, and Medicaid does not pay unless the individual qualifies for welfare assistance.

With the modern day advancements in health care and medical technology come the changing needs for long term care recipients. People are living longer than ever before with cancer, heart disease and stroke; once known as the killer diseases. The aging of America has also created more potential for mental disease such as dementia and Alzheimer's. To 80% of older adults, the preferred place of choice to receive long term care services due to these and other ailments is in their home or a community setting such as an assisted living facility, or adult day care.²

Removing Barriers to Receiving Care...

...and helping families to provide care - better and longer. FlexCash provides cash for traditional services and pays for expenses which might not otherwise qualify for coverage in other long term care insurance policies.

Monthly Cash Benefit Rider

FlexCash provides a monthly cash payment for assisted living facility, home health care and adult day care services. This cash payment is paid directly to you and may be used for any assistance, services, or care that you decide is best for your situation. The cash payment equals 30 times the policy's maximum daily benefit for assisted living facility, home health care, and adult day care. The cash benefit may be used for care provided by **family members, friends,** or other individuals you may choose.

This means that you may have the cash needed for an assisted living facility stay and also employ a private caregiver to sit with you, or you can receive care in the privacy of your own home. As new types of long term care services are developed in the future, FlexCash will provide you with the flexibility to pay for other forms of care that may be appropriate to your situation.

Nursing Facility Coverage

When care received in the community setting might not be appropriate for your situation, this policy will pay a reimbursement benefit for care in a nursing facility.

Worldwide Coverage

FlexCash provides cash in advance to pay for qualified long term care services provided to you **anywhere in the world.**

Alternative Care and Support Services

When you purchase the FlexCash rider, you will have cash in advance to pay for benefits not directly noted in a FlexCare reimbursement policy. Examples of services that could be considered include, but are not limited to, an **independent caregiver**, medically necessary transportation to and from an adult day care, a **medical alert system** and **home modifications** that will enhance your ability to perform activities of daily living and allow you to remain safely at home.

CareDirections Family Advice and Advocacy Program®

An added benefit offered to you and your family. This program is staffed by Personal Care Advisors, who are health care professionals whose profession and training include experience or expertise in managing and arranging for long term care services. The CareDirections and Family Advice and Advocacy Program provides essential advice and support to help loved ones cope with the stresses of long term care and find the care, services, and support they seek.

Benefits for Couples

Discounts

When couples³ apply together for coverage and are issued coverage, each of them receives a 25% discount. When only one applies or is issued coverage they will receive a 10% discount.

Shared Waiver

(Additional Premium Required)

Whenever the premium is waived for one insured, FlexCare will also waive the premium for the other insured.⁴

Survivor Benefit

(Additional Premium Required)

Upon the death of one insured, if both insureds have purchased the rider, and both policies have been in force at least 10 years, the surviving insured's premium is waived for the life of the policy.

Shared Extended Benefit Rider

(Additional Premium Required)

This option allows couples to share an **additional extended pool of benefits** in the case that one or both exhaust their benefits.⁵

Ex: Each insured purchases 1,825 days (5 years) of benefits. They also purchase an additional 730 days (2 years) of benefits that one or both can use if their individual benefits have been exhausted. If one insured dies, the extended pool becomes accessible to the survivor should they exhaust their original benefits, as long as they continue to pay for the rider.

IMPORTANT: The shared extended benefit pool also increases if the original pool has an inflation option.

³ Couples are spouses or domestic partners.

⁴ Both insureds must have purchased identical coverage with effective dates within six months of each other, and each policyholder must have paid premium for at least two years.

⁵ Both insureds must have purchased identical policies, including identical Extended Benefit Pool amounts, and have the same policy issue date.

Inflation Protection Options

(Additional Premium Required)

The rising cost of long term care services has become a major concern for many. To help eliminate this concern, FlexCare provides great flexibility by offering a variety of inflation options to help you meet your needs, not only now, but in the future.

Simple Inflation – Increases your original maximum daily benefit and maximum lifetime benefit annually by 3% or 5%.

Simple Inflation 2x Max – Increases your original maximum daily benefit and maximum lifetime benefit annually by 3% or 5% until the maximum daily benefit equals twice the original amount.

Compound Inflation – Increases your maximum daily benefit and current maximum lifetime benefit annually by 3% or 5%.

Compound Inflation 2x Max – Increases your maximum daily benefit and current maximum lifetime benefit annually by 3% or 5% until the maximum daily benefit equals twice the original amount.

Guaranteed Purchase Option – Every two years until age 85 or until you have declined the option two times, you may purchase additional benefits equal to 10% of your current maximum daily benefit.

NEW Inflation Riders Designed with Premium Savings in Mind*

Combination Benefit Increase – This cutting edge inflation rider increases your current daily maximum benefit and lifetime maximum benefit annually by 5% compound through age 60. From age 61 and through age 74 your benefits increase annually by 5% of your total benefits based on age 60.

Daily Benefit Increase – Increases only your maximum daily benefit annually by 5% compound with no maximum.

*Both of these riders are great **Cost Effective** inflation options!

Additional Options to Enhance Your FlexCash Benefits

Restoration of Benefits

Once you have not been benefit eligible for six consecutive months, the policy will restore your policy's maximum lifetime benefit amount to the original amount one time only.⁶

⁶ As long as you have not received more than 180 days of policy paid benefits.

How Do You Qualify for Benefits Under the Policy?

To be eligible for benefits provided under the policy, we must receive a plan of care that specifies what care is needed. The care must be needed because you have been certified within the last 12 months by a licensed health care practitioner as:

1. requiring the presence of another person due to the inability to perform at least two Activities of Daily Living (eating, dressing, bathing, transferring, toileting, continence) for a period expected to be at least 90 days. The other person must be present within arm's reach in order to assist, supervise, or prevent injury by physical intervention; or
2. requiring continual supervision, which may include cueing by verbal prompting, gestures, or other demonstrations, by another person to protect the insured person from threats to his or her health or safety due to a severe cognitive impairment.

If you meet the benefit eligibility requirements shown above, you will have met the requirements under federal law to be considered a chronically ill individual. Meeting these requirements are necessary in order for the policy to qualify for favorable tax treatment under federal law.

No Pre-Existing Condition Limitations

There is no exclusion for pre-existing conditions.

We will not cover expenses for the following under this policy:

1. Substance abuse treatment for alcohol or drug addiction.
2. Treatment for illness or medical condition arising out of war or any act of war, declared or undeclared.
3. Services for intentionally self-inflicted injury.
4. Treatment provided in a government facility except treatment provided to a Medicaid recipient or as otherwise required by state or federal law.
5. Services provided by an unlicensed caregiver who is a member of your immediate family, except for caregiver training benefits included in the benefits section of this policy.
6. Services for which no charge is normally made in the absence of insurance.
7. Expenses for medications, whether prescription or non-prescription.

The exclusion regarding a member of your immediate family will not apply to:

1. The Monthly Cash Benefit Rider.
2. A spouse/domestic partner or immediate family member who is a licensed healthcare practitioner and employed by a home health care agency.

We will provide coverage in accordance with the terms of the policy for mental conditions, including Alzheimer's Disease, Parkinson's Disease, and senile dementia.

⁹ The number of calendar days you must wait before your policy begins to pay benefits.

MedAmerica Insurance
Company has the strength and
experience needed to meet
your long term care needs,
both today and tomorrow.

FlexCare featuring FlexCash is a tax-qualified policy designed to meet federal standards and may qualify you for federal and/or state tax benefits. Please consult with your tax advisor for assistance. Coverage as described in the brochure is provided only through the issuance of a policy and is subject to the approval of your application.

This brochure provides a summary of the policy's features and is not intended to cover every aspect of the policy. Please refer to the outline of coverage for additional information. Benefits are subject to the policy's eligibility for the payment of benefits provision; the elimination period, if applicable; the maximum daily benefit; and the maximum lifetime benefit. Your policy will describe your coverage in detail and will be the sole basis of making benefit determination.
